10 Minutes Could Save Your Life: Preventative ultrasound screenings are being held at First United Methodist Church Of Greensboro, Wednesday July 21. **LifeLine Screening** will scan the carotid artery in the neck for plaque build-up, which can lead to a stroke. They also offer a third ultrasound for Aneurysms in the Aortic vessel in the abdomen & an irregular heartbeat EKG. Osteoporosis screenings will be available also. This is a preventative program, and with early detection, these problems can be treated. The results are sent directly to you after being reviewed by a Cardio Vascular Surgeon. These 5 tests are non-invasive and completely painless and take about ten minutes or less each. The vascular tests are offered for \$45 each or at a package price of \$149.00 for all 5. The Osteoporosis is complimentary in conjunction with the others, just call 678-462-3702. Screenings are recommended yearly for ages 40+ and pre-registration is a must. Space is limited! Please schedule early-call 800-643-6075 to make your appointment.
