## GUIDELINES FOR THE TALENT SHOW

The purpose of the talent show is to have students independently create an entertaining, quality performance. We want to promote sportsmanship, teamwork, and positive risk-taking.

Due to limitations in time, not all groups that apply will be selected to perform. Therefore, we are setting forth guidelines that all students who participate will be held accountable to.

### **The following criteria will be used for selection into the talent show:**

1. Demonstrable talent (something a student has worked on over time.)
2. Entertaining (audiences enjoy watching the talent.)
3. Person and/or group have been positive to work with.
4. Evidence of hard work on the talent.
5. The lyrics and/or costume for the talent are school appropriate.
